Saturday morning
French language program

Education Française Greater Houston

Education Française Greater Houston was founded in 2010 by a group of volunteer parents to promote French language education and address the lack of classes available in Greater Houston for native and non-native speakers at the elementary level. EFGH is a Texas 501(c)(3) non-profit organization recognized by the French Ministry of Foreign Affairs and the French Consulate in Houston. EFGH is the only Saturday morning French school in the Greater Houston area, running from September until May.

MISSION

- To provide high-quality yet affordable French language education programs to children 4 to 18 years old.
- To serve as a gathering point for families sharing similar educational and cultural goals.

VISION

We believe that language is at the heart of learning and cultural diversity, key in today's globalized society. Growing up bilingual and multi-cultural helps our students succeed academically and prepare themselves for international careers.

PROGRAMS

Our programs are tailored to each student's ability by certified French teachers. While the core of our program is language instruction, we extend the curriculum to the French culture as well.

FOUNDER

Annual Fund

Each fall, EFGH launches a fundraising campaign in which parents, faculty, and board members participate. The proceeds are used to further our goal to continually maintain affordable tuition, offer scholarships to low-income families, increase teacher training, as well as sustain our logistic and rental needs.

☒ *Every dollar benefits every child at EFGH.*

☒ *Contributions to the Annual Fund are voluntary and tax-deductible.*

☒ *Gifts help keep tuition lower, allowing more families to give their child an education in French.*

☒ *Donations help keep our teacher's salaries competitive.*

"My son has been attending since last year and I have seen tremendous difference in his French skills. EFGH is affordable and offers a quality curriculum. I would say this about EFGH, the school spirit and atmosphere, sense of community, involvement, and friendship between students. Great teachers motivated and engaged, professional team, committed, friendly and welcoming staff. I am registering him again for the next academic year and my 4 year old son as well. In all a BIG THANK YOU TO EFGH. Keep up the good work."

FLE Program

"My daughter has attended the Education Française Greater Houston program for the past 4 years and we are both extremely pleased with the entire program. She truly enjoys going to class and attending the events. The staff is great and very helpful and welcoming to all. I am an international flight attendant for a major airline and she is very excited about going to France and utilizing all that she has learned in the classes this summer."

FLE Program

"EFGH provides a wonderful opportunity for French speaking children, of all levels, to practice their French outside of their regular environment. Our 5 year old has been attending the native speakers Saturday morning class for 7 months now, allowing him to maintain his fluency, even though both parents do not speak French. His teacher is wonderfully gentle and encouraging and our child genuinely loves his French classes."

Parent of Fionn

FLAM Program

"The small classes, the teachers' and assistants' dedication, their human oriented personality, the quality of the teaching, the cultural openness, the variety of the students' background, the summer camps and all the events with the family: we feel that we were able to enjoy the best of what the association offers around the French language during our 6 years of life in Houston! Thank you EFGH!"
